Item 6: Determination of Amount of Remuneration, etc. for Directors (Except Directors Who are Audit & Supervisory Committee Members)

At the Company's 56th Ordinary General Meeting of Shareholders held on June 22, 2007, shareholders approved annual remuneration for Directors of ¥420 million (not including employee salaries of Directors who were concurrently employees). In view of the Company's transition to a company with Audit & Supervisory Committee if agenda item No. 2, "Partial Changes of the Articles of Incorporation," is approved as drafted, and in view of the recent economic situation, and various other circumstances, the Company asks shareholders to approve annual remuneration for Directors (here and throughout for this agenda item, not including Directors who are Audit & Supervisory Committee members) of no more than ¥300 million (including annual remuneration for Directors(External) of no more than ¥30 million) after the Company transitions to a company with Audit & Supervisory Committee. The Company further requests that shareholders approve placing specific amounts, timing of payment and so on for individual Directors at the discretion of resolutions of the Board.

An overview of the Company's policy on determining the details of remuneration, etc. for individual Directors is listed in "IV. Directors and Audit & Supervisory Board Members (5) Policies, etc., Related to the Determination of Contents for Compensation, etc., of Officers" of the Business Report. At the meeting of the Board of Directors following closing of the Ordinary General Meeting of Shareholders, the Board intends to change the scope of this policy from "Directors" to "Directors (except Directors who are Audit & Supervisory Committee members)"; otherwise no real changes are intended. Based on the policy after this change, the amount of remuneration, etc. in this agenda item calls for payment of both basic remuneration and results-linked remuneration to Directors (except Directors who are Audit & Supervisory Committee members). The Company believes this change is appropriate in view of the responsibilities of the Directors, the number of Directors, and recent economic and other conditions. This remuneration, etc. does not include employee salaries of Directors who are concurrently employees.

The current number of Directors is 12; if Agenda item No. 2, "Partial Changes of the Articles of Incorporation," and Agenda item No. 3, "Appointment of Eight (8) Directors (Except Directors Who are Audit & Supervisory Committee Members)" are approved as drafted, the number of Directors (except Directors who are Audit & Supervisory Committee members) will be eight (including two Directors (External)).

This agenda item only comes into force on the condition that the changes to the Articles of Incorporation in agenda item No. 2, "Partial Changes to the Articles of Incorporation," come into force.

Item 7: Determination of Amount of Remuneration, etc. for Directors Who are Audit & Supervisory Committee Members

In view of the Company's transition to a company with Audit & Supervisory Committee if agenda item No. 2, "Partial Changes of the Articles of Incorporation," is approved as drafted, the Company asks shareholders to approve annual remuneration for Directors who are Audit & Supervisory Committee members of no more than ¥70 million after the Company transitions to a company with Audit & Supervisory Committee. The Company further requests that shareholders approve placing specific amounts, timing of payment and so on for individual Directors who are Audit & Supervisory Committee members at the discussions of Audit & Supervisory Committee. The Company believes the amount of remuneration, etc. in this agenda item is appropriate in view of the responsibilities of the Directors who are also Audit and Supervisory Committee members, the number of such Directors, and recent economic and other conditions.

If Agenda item No. 2, "Partial Changes of the Articles of Incorporation," and Agenda item No. 4, "Appointment of Five (5) Directors Who are Audit & Supervisory Committee Members" are approved as drafted, the number of Directors who are Audit & Supervisory Committee members) will be five.

This agenda item only comes into force on the condition that the changes to the Articles of Incorporation in agenda item No. 2, "Partial Changes to the Articles of Incorporation," come into force.

Item 8: Determination of Amount and Details of Performance-Share Compensation, etc. of Directors (Except Directors Who are Audit & Supervisory Committee Members)

1) Reasons for the Proposal and Why the Remuneration, etc. is Reasonable

At the 66th Ordinary General Meeting of Shareholders, held on June 23, 2017, the Company passed a resolution (hereinafter “the Previous Resolution”) to introduce a program of results-based, stock-linked remuneration program (hereinafter “the Program”). The Program remains in operation to this day. However, if shareholders approve agenda item No. 2, “Partial Changes of the Articles of Incorporation,” as drafted, the transition to a company with Audit & Supervisory Committee will mean that the current remuneration brackets for Directors (except Directors (External)) under the Program will be eliminated. After the transition to a company with Audit & Supervisory Committee, the Board wishes to establish new remuneration brackets for Directors (except Directors who are Audit & Supervisory Committee members, External Directors).

As with the remuneration brackets in the Program as currently framed, these remuneration brackets are separate from the remuneration brackets for which the Company requests approval in agenda item No. 6, “Determination of Amounts of Remuneration, etc. for Directors (except Directors who are Audit & Supervisory Committee members).” The Company further requests that the details be left to the Board’s discretion, within the scope described below. In setting policy for determining the details of remuneration, etc. for individual Directors, the Company intends to make the changes necessary for the transition to a company with Audit & Supervisory Committee, subject to shareholders’ approval of agenda item No. 2, “Partial Changes of the Articles of Incorporation,” and agenda item No. 6, “Determination of Amounts of Remuneration, etc. for Directors (except Directors who are Audit & Supervisory Committee members).”

This agenda item concerns procedural matters regarding the transition to a company with Audit & Supervisory Committee. Actual details of remuneration are the same as those approved in the Previous Resolution. The Company believes that the details of this agenda item are necessary and reasonable for payment of remuneration in accordance with the proposed changes to policy on determining the details of remuneration, etc. to individual Directors as described above.

If Agenda item No. 2, “Partial Changes of the Articles of Incorporation,” and Agenda item No. 3, “Appointment of Eight (8) Directors (Except Directors Who are Also Directors who are Audit & Supervisory Committee Members)” are approved as drafted, the number of Directors who are eligible for the Program (except Directors (External) who are Audit & Supervisory Committee members and External Directors; hereinafter “the Directors) will be six.

This agenda item only comes into force on the condition that the changes to the Articles of Incorporation in agenda item No. 2, “Partial Changes to the Articles of Incorporation,” come into force.

2) Amounts and Details of Remuneration, etc. in the Program

Overview of the Program

In the Program, a trust fund that is established with funding disbursed from the Company (hereinafter “the Trust Fund”) acquires common shares in the Company (hereinafter “the Company Shares”). Through the Trust Fund, the Company transfers shares to each Director in an amount proportional to the number of points awarded to each Director.

In principle, the shares are transferred to Directors upon their retirement.

Details of the Program		
(1)	Target of the Program*	Directors of the Company (except Directors (External) and Directors who are Audit & Supervisory Committee members)
(2)	Upper limit of funds disbursed by the Company to acquire the Company Shares as necessary to transfer to the people subject to (1) during the extended trust period (the five-year period from September 2022 to August 2027)*	¥200 million in total
(3)	Method of acquisition of the Company Shares	Disposal of treasury shares or acquisition from the stock exchange (including in after-hours trading)
(4)	Upper limit on points awarded to people subject to (1)	50,000 points per year
(5)	Criteria for award of points	Points are awarded according to each Director’s position, degree of achievement of target business results, etc.
(6)	Timing of transfer of the Company Shares to people subject to (1)	In principle, the Company Shares are awarded upon retirement.

Notes: 1. During the period until the transition to a company with Audit & Supervisory Committee, the target of the Program is the Directors (except Directors (External)), as provided in the Previous Resolution.

2. The Trust Fund has already been established, as it will be continued from the Program before the transition to a company with Audit & Supervisory Committee.

Upper Limit on Funds Disbursed by the Company

Based on the Previous Resolution, the Company is extending the trust period of the Trust Fund by five years and disbursing additional funds to the Trust Fund to acquire the necessary shares to transfer to Directors in accordance with the Program. Later, the Trust Fund will draw on its funds to acquire additional shares in the Company. If the Fund does not possess sufficient Company shares to transfer to Directors the number of Company shares expected to be required based on the Program, and does not possess sufficient funds necessary to acquire sufficient Company shares to make up the shortfall., the Company may disburse additional funds to the Trust Fund to acquire sufficient Company shares to make up the shortfall. In this case, the Fund will acquire the Company shares by distribution of the Company's treasury shares or by acquiring them from the stock exchange (including in after-hours trading). However, total funds entrusted to the Trust Fund by the Company for the acquisition of Company shares during the extended trust period described above (from September 2022 to August 2027) may not exceed ¥200 million.

Note: Funds additionally entrusted to the Trust Fund by the Company as described above includes not only funds for acquisition of Company shares but also funds for the expected amounts of trust fees, remuneration of trust custodians and other necessary expenses of the Trust Fund.

Each time the trust period expires, by resolution of the Board of Directors, the trust period can be extended (including effective extension of the trust period by transfer of the trust assets of the Trust Fund to another trust fund established by the Company with the same purpose as the Trust Fund) and the Program can thereby be extended for a further period of not more than five years. In such cases, the Company will, within the extended trust period, entrust additional funds to the Funds as necessary for additional acquisition of Company shares necessary for transfer to Directors under the Program, to a maximum of ¥40 million per year of the extended trust period. In this way the awarding of points as described in (3) and the transfer of Company shares will continue.

Even if the Program is not continued and the trust period has expired, if some Directors to whom points have been awarded have not yet retired remain, the trust period of the Trust Fund may be extended until said Directors have retired and the due Company shares have been transferred to said Directors.

Method of Calculation of Company Shares Transferred to Directors and Maximum Number of Shares Transferable

1) Method of awarding points to Directors, etc.

Based on the Share Transfer Regulations determined by the Board of Directors, the Company awards points to Directors according to each Director's position, degree of achievement of target business results, etc. on the date for awarding of points that is specified in the Share Transfer Regulations. From the closing of the current Ordinary General Meeting of Shareholders, the points awarded for execution of duties up to the closing of the current Ordinary General Meeting of Shareholders may be awarded within the scope of the Previous Resolution.

However, the total number of points awarded to Directors shall not exceed 50,000 points per year.

2) Transfer of Company shares based on number of points awarded

The Company uses the procedure described in 3 below and transfers Company shares to Directors based on the number of points awarded by using the procedure described in 1 above. However, in cases such as when a Director retires for the Director's own reasons, all or some of the points accumulated by the Director can be invalidated by resolution of the Board of Directors. In this case the Director loses the right to receive the shares corresponding to the invalidated points.

One point currently equals one Company share. However, in cases where it is judged appropriate to adjust the number of Company shares to be transferred, such as share split or share merger, the number of shares transferable per point

awarded shall be adjusted according to the ratio of the share split, share merger, etc.

3) Transfer of Company shares to Directors

In principle each Director acquires beneficiary rights from the Trust Fund at the time of retirement, by the specified procedure, receiving transfer of the Company shares described in 2 above from the Trust Fund as a beneficiary of the Trust Fund.

However, a certain proportion of the Company shares may be sold by the Fund to convert them to cash, to be withheld as assets for payment of taxes such as withholding tax. In certain cases, such as when Company shares held by the Trust Fund are converted to settle tender offers for Company shares held by the Trust Fund, cash may be transferred in lieu of Company shares.

Exercise of Voting Rights

Based on the instructions of the trust manager, who is independent from the Company and its Directors, none of the voting rights pertaining to Company shares held by the Trust Fund may be exercised. By this, the Company is committed to maintaining the neutrality of its management with respect to the exercise of voting rights pertaining to Company shares held by the Trust Fund.

Handling of Dividends

Dividends pertaining to Company shares held by the Trust Fund are received by the Trust Fund and used for applications such as the acquisition of Company shares and remuneration of trust custodians.
